

General Terms of Business/contract text for e-commerce

Do you offer your goods and services on the Internet or other electronic media and do you want to control the contractual relationship with your customers through General Terms of Business or Terms of Use in a legally reliable manner? Do you require other contractual agreements for your Internet offerings in order to secure your legal interests in the best possible manner? Do you require support in integrating and using your contract text for electronic business transactions in a legally conforming manner?

What we offer

We will advise you in all contractual questions regarding the offering and selling of goods and services on the Internet, designed General Terms of Business and other contracts such as Terms of Use for social media platforms, subscriber conditions for sweepstakes, or other data-protection agreements. Furthermore, we can design and review the existing contract text and undertake the necessary changes and supplements. In the event that you have contracts that are executed cross-border, we can check the legal requirements as well as the legal regulations to be adhered to outside the country and can advise you regarding any adaptations to your contracts.

Scope of service

- Acquiring the project-specific requirements
- Designing the required contract text and modular text components
- Checking the existing Terms of Business and other contracts for compliance with applicable law
- Advising regarding the legal integration and use of contract text in electronic business transactions
- Checking of contract-based business sequences (e.g. registration and order processes)

Costs

We normally offer our consulting services to you calculated according to the time spent at a suitable hourly rate. We believe that cost transparency and cost reliability form the basis of successful cooperation. We will be happy to provide you with an estimate of the expected costs before taking the job.
